

## **DIOCESE OF SYRACUSE CATHOLIC SCHOOLS ELA AND MATH SCORES FOR 2008**

For the first time, the Diocese of Syracuse Catholic Schools participated in the NYS English Language Arts and Math Assessments in grades 3 through 8. The percentage of Diocesan School students achieving mastery exceeded that of New York State. The advantages of these assessments are to enable our administrators and teachers to use the data provided by the state to focus on instruction in the delivery of the curriculum. Also, the data allows each school to analyze the scores of the school and students in order to follow the students' academic growth in grades 3 – 8. As we celebrate the successes of our schools, we also recognize that work still must be done to attain 100% mastery for all students at all grade levels.
